What Great Educators Do Differently

What are the specific qualities and practices of great educators that elevate them above the rest? This workshop reveals what the most effective staff members do differently than their colleagues. Participants will focus on what the most successful educators do . . . that others do not. Everyone will leave knowing what great educators do differently, why these things make them more effective, and how to immediately implement each of these into your own role in your school and district.

The NES is partnering with Valley City State University to offer graduate credit to member educators.

You may apply your hours from the 2026 NES Regional Fall In-service toward one graduate credit. To meet the 15-hour requirement for a full credit, additional workshop hours from other 2026-27 NES offerings must be combined with this in-service.
